Email. schools@ediplc.com
www.goalonline.co.uk

GOAL online assessments are available in a range of subject areas for primary schools at KS1 and KS2:

Mathematics

English

Science

ICT

Life Skills

“Through GOAL online assessments, EDI continues to help head teachers and colleagues plan the effective learning of thousands of pupils across the country.”

Mick Brookes

General Secretary,
National Association
of Head Teachers

Supporting learning and performance

How would you like to:

- Support assessment for learning?
- Deliver personalised learning for every pupil?
- Monitor and track pupils' progress?
- Provide evidence for Ofsted of improved performance?
- Produce more effective lesson plans?
- Analyse gaps between your pupils' potential and their achievement?

GOAL online assessments provide you with:

- Reports highlighting strengths and weaknesses to inform the next steps for learning
- Individual pupil reports providing personalised teaching and learning objectives
- Reports indicating pupils' National Curriculum levels and targets for 12 months' time
- Evidence of pupil, class, year group and whole school achievements
- Assessments on key topics giving you details of pupils' learning
- Information on pupils' attitude through life skills measures

Core Subjects for KS1 and KS2

Features

- New interactive assessments
- National Curriculum progress assessments
- Focus assessments
- Automated creation and marking of assessments
- Individual pupil and whole class reports
- Initial screening questions determine correct levels for the remainder of the assessment
- Facility to choose National Curriculum levels of assessment
- 'Complete later' facility enabling pupils to take an assessment in two parts
- Audio available

Benefits

- Allows pupils to demonstrate their knowledge, skills and understanding
- Baseline assessment, target setting and measuring progress
- Checks understanding before and after teaching a topic
- Saves teachers time setting and marking assessments
- Identifies pupil strengths and weaknesses
- Provides evidence for Ofsted inspections
- Pupils are given an assessment at the appropriate level
- Poor readers and pupils with English as a second language are not disadvantaged
- No software to be installed on your server

Life Skills for KS2

Features

- Pupil attitude measures
- Classroom climate measures
- Pupil potential and reasoning measures
- Detailed reports

Benefits

- Identifies areas for intervention
- Measures pupil voice
- Helps identify pupils that are underachieving
- Checks understanding and identifies learning objectives
- Identifies areas for concern

What can GOAL assessments do for you?

Whether you are a member of a senior management team, head of department, a classroom teacher or a parent wanting the best for your child, GOAL assessments can help you make a real difference.

Who are you?	How can GOAL help you?	Benefits of GOAL
Head teacher Senior management team member	Targets specific areas for teaching and learning Effective tracking and evaluation of pupils Identifies areas for further development	Provides hard evidence ready for Ofsted inspections Helps raise standards and achieve objectives and targets Assists in producing development plans for staff and schools

Classroom teacher Classroom assistant	Provides each pupil with a NC target for the next 12 months Provides individual pupil and whole class reports Automated creation and marking of assessments	Helps plan effective learning opportunities for pupils Monitors progress and assists with target setting Saves time preparing and marking assessments
Parent Pupil	Provides NC levels and sublevels Identifies pupils' strengths and weaknesses Recognises pupils' attitudes towards themselves, their work and their environment	Supports personalised learning Demonstrates improvements to celebrate success

Testimonials

“Our use of GOAL as part of the assessment process has helped us to ensure that we can track every single child’s progress and encourage all pupils to perform to the best of their individual abilities.”

Carol Mason,
Head Teacher,
Cheswick Green
Primary School.

“We have been involved with GOAL for about five years and have fully integrated the assessments into our yearly programme. The reports are very comprehensive, highlighting strengths and weaknesses, saving teachers time and effort. The best part of using GOAL assessments from a child’s perspective is that it is fun! Every child can access the questions at their own level with the minimum of support.”

Mrs Jane Field,
Deputy Head,
Walmley Junior
School.

“Our results have shown a significant improvement in pupil attainment across all areas of the curriculum this year and our use of ICT within assessment has contributed to this success.”

Miss H J Pugh,
Head Teacher,
Prince Albert Junior
and Infant School.
Birmingham.

Share in the success of schools using GOAL assessments
