## Supporting learning and performance

---

### **How would you like to:**

- Support assessment for learning?
- Deliver personalised learning for every pupil?
- Monitor and track pupils' progress?
- Provide evidence for Ofsted of improved performance?
- Produce more effective lesson plans?
- Analyse gaps between your pupils' potential and their achievement?

### **GOAL online assessments provide you with:**

- Reports highlighting strengths and weaknesses to inform the next steps for learning
- Individual pupil reports providing personalised teaching and learning objectives
- Reports indicating pupils' National Curriculum levels and targets for 12 months' time
- Evidence of pupil, class, year group and whole school achievements
- Assessments on key topics giving you details of pupils' learning
- Information on pupils' attitude through life skills measures

## Core Subjects for KS1, KS2 and KS3

---

### Features

- New interactive assessments
- National Curriculum progress assessments
- Focus assessments
- Automated creation and marking of assessments
- Assessments to measure progress in both achievement and attitudes of pupils
- Individual pupil and whole class reports
- Initial screening questions determine correct levels for the remainder of the assessment
- Facility to choose National Curriculum levels of assessment
- 'Complete later' facility enabling pupils to take an assessment in two or more parts
- Audio available

### Benefits

- Allows pupils to demonstrate their knowledge, skills and understanding, even if they have only been with you for a short period of time
- Baseline assessment, target setting and measuring progress
- Checks understanding before and after teaching a topic
- Saves teachers time setting and marking assessments
- Identifies pupil strengths and weaknesses
- Provides evidence for Ofsted inspections
- Pupils are given an assessment at the appropriate level
- Poor readers and pupils with English as a second language are not disadvantaged
- No software to be installed on your server

## Life Skills for KS2 and KS3

---

### Features

## Testimonials

---

Over 140 Pupil Referral Units currently subscribe to GOAL online assessments and this is just some of the feedback that we have received:

“By assessing online through GOAL, we are able to give personalised feedback to our pupils and help them understand their own level, encouraging them to re-engage with their learning.”

**Sue Ayres,**  
Head Teacher,  
LACES PRU.

“The benefits of GOAL are numerous and we have been really happy with the service. Using GOAL interactive assessments has made a real difference to the way we are able to measure and report upon pupil progress and performance. The system is incredibly easy to use and has saved time for both management staff and teachers. I would recommend GOAL to all educational establishments.”

**Colin Carr,**  
Deputy Manager  
of Behaviour  
Support Services,  
Gateshead PRU.

“With many of our pupils disengaged with learning, we use GOAL to ensure that our pupils can be assessed within a positive environment, suiting the way they think and work, ultimately helping to motivate them. GOAL assessments have enabled us to quickly capture and measure a wide range of pupil knowledge and skill capabilities, without them feeling pressurised or under the examination spotlight.”

**Sue Maden,**  
Head Teacher,  
Triple Crown Centre  
and Hobs Moat  
Centre.

## Share in the success of schools using GOAL assessments

---
