

GOAL Customer Update

Welcome to the GOAL Customer Update, keeping you up to date with recent news and developments. We would be delighted to hear from you if you have any comments, queries or suggested improvements. Please contact us on 02476 516560 or email your news stories to schools@ediplc.com.

New enhanced Mathematics reports and APP

From 12 January an enhanced National Curriculum Progress Assessment pupil report for mathematics will be available. The report links each of the 'can do' and 'target' statements to the appropriate Assessment Focuses (AFs) in the Assessment of Pupils' Progress (APP) documentation by a code, for example NNS2. The letters refer to the AF and the number to the bullet point in the AF.

For KS2 the appropriate AFs are available for levels 2 to 5. The coding is as follows:

NNS	Number and the number system
OR	Operations and relationships
MM	Mental methods
MWC	Mental, written and calculator methods
SNP	Solving numerical problems
WM	Written methods
ALG	Algebra
POS	Properties of shape
PPM	Properties of position and movement
MEA	Measures
PRD	Processing and representing data
ID	Interpreting data

For KS3 the appropriate AFs are available for levels 2 to 8. The coding is as follows:

NNS	Number and the number system
CAL	Calculations
ALG	Algebra
SSM	Shape, space and measures
HD	Handling data

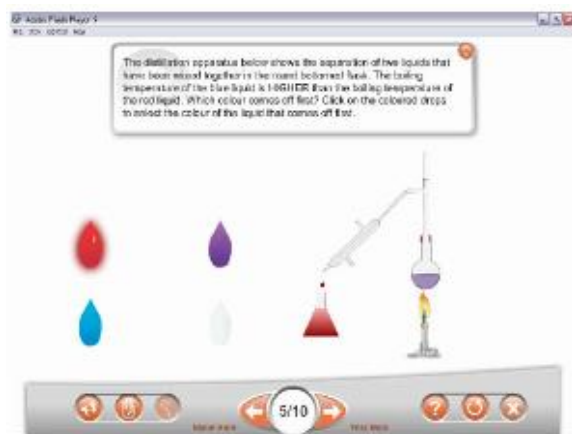

Enhanced CSV file reports

For teachers who wish to transfer the data from the class reports into a spreadsheet or their IMS, the csv file report has been enhanced. This now contains the same information that appears on the class report.

GOAL at BETT 2009

Visit the GOAL Assessments Team on the EDI stand at the BETT Show from 14 to 17 January 2009, on stand G70 in the Grand Hall at Olympia, London. Talk to us in person to find out more about what GOAL can do for your school and what future developments we have in store.

Interactive Science assessments

From 12 January, three additional banks of questions for the new interactive science assessments will be available. Pupils will be able to take the assessments a second, third and fourth time. Each bank of questions assesses the same topic in a slightly different way, enabling you to revisit topics and monitor progress over a period of time.

Re introduction of the GOAL Score

The GOAL pupil reports will now contain the previous, current and target GOAL scores and National Curriculum levels.
